

Join the Philippine Country Presentation at IMARC 2026!

The Philippine Board of Investments (BOI) invites industry leaders, investors, mining and mineral processing, and downstream manufacturing companies, equipment and technology providers, financial institutions, and strategic partners to a special Philippine Country Program at the International Mining and Resources Conference (IMARC) 2026.

Dr. Ceferino S. Rodolfo
DTI Undersecretary and BOI Managing Head

Session Details

28 October 2026 (Wednesday)

11:00 AM - 11:30 AM

Global Opportunities Room, Level 3, ICC Sydney, Australia

Why the Philippines?

Positioned at the heart of Asia and one of the world's fastest-growing economies, the Philippines offers compelling opportunities across the critical minerals value chain, including:

- Critical minerals development
- Mineral processing and value-adding activities
- Mining support services and technologies
- Renewable energy integration
- Manufacturing and downstream industries
- Infrastructure and industrial development
- Strategic investment partnerships

Learn how the Philippines is leveraging its natural resources, strategic reforms, and investment incentives to support responsible mining, critical minerals development, mineral value-adding, and downstream processing investments, strengthening domestic value addition, and advance sustainable industrial growth.

What to Expect

- ✔ Insights on the Philippine mining and minerals investment landscape
- ✔ Emerging opportunities in critical minerals and downstream processing
- ✔ Updates on government policies and investment facilitation measures
- ✔ Direct engagement with BOI and Philippine government representatives
- ✔ Networking opportunities with key public and private sector stakeholders

Reserve Your Seat

Attendance is complimentary, but seats are limited.
